**Academic Planning Worksheet for Applied & Computational Mathematical Sciences**

This worksheet is designed to help you learn about and plan for admission to your intended major and University general education requirements. As progress toward your intended major is a factor in transfer admission review, this information is also a part of the transfer admission application. More info: [admit.washington.edu](http://admit.washington.edu)

### 1. The Major

**Major Profile**

In the admission decision for this and every major, a wide range of factors are taken into consideration. The profile should not be used to overstate the importance of grades in the admission decision for academic majors but it may offer some guidance as you plan for transfer.

**Department Admission Information**

This major is competitive and admits early Autumn and early Spring quarters.

- A minimum cumulative GPA of at least a 2.5, with a minimum grade of 2.0 in each of the following courses: CSE 142, CSE 143, MATH 124, 125, 126, and one of MATH 307, 308, 300, AMATH 351, 352.

- Transfer students must be enrolled at the UW before applying to the major.

- Students are welcome to meet with an adviser before applying.

- Students must complete an ACMS admissions application through the ACMS website; dates are posted at: [http://www.math.washington.edu/acms/](http://www.math.washington.edu/acms/)

CSE 142 NW QSR – Computer Programming I

CSE 143 NW QSR – Computer Programming II

MATH 124 NW QSR - Calc Analytical Geometry I

MATH 125 NW QSR - Calc Analytical Geometry II

MATH 126 NW QSR - Calc Analytical Geometry III

MATH 307 NW – Intro to Differential Equations

OR

MATH 308 NW – Matrix Algebra

OR

AMATH 351 NW – Intro to Differential Equations

OR

AMATH 352 NW – Applied Linear Algebra

**TIP:** To find courses at your community college equivalent to the prerequisites listed, use the Equivalency Guide for Washington Community & Technical Colleges, [admit.washington.edu/BeforeYouApply/Transfer/Plan/EquivalencyGuide](http://admit.washington.edu/BeforeYouApply/Transfer/Plan/EquivalencyGuide). In order to compare course titles and descriptions from your current school to those offered at the UW, visit [www.washington.edu/students/crscat](http://www.washington.edu/students/crscat).
2. General Education & Basic Skills Requirements for the College of Arts and Sciences

This major is in the College of Arts and Sciences, and these are requirements for graduation from that college. You'll find that many of them overlap with prerequisites for the major and requirements for an associate degree. However, completion of the associate degree does not in itself guarantee completion of UW general education or basic skills requirements so it is in your best interest to work these into your schedule before you transfer. Areas of Knowledge AoK - To graduate, students complete 75 credits among the three areas listed below. It is not necessary or even recommended to complete the entire AoK before transferring. It is just as important to work on prerequisites for your major. Students entering the University of Washington must also meet a Diversity requirement. These credits simultaneously satisfy other Area of Knowledge requirements and do not add to the total number of credits you need to graduate.
