Academic Planning Worksheet for Nursing

This worksheet is designed to help you learn about and plan for admission to your intended major and University general education requirements. As progress toward your intended major is a factor in transfer admission review, this information is also a part of the transfer admission application. More info: admit.washington.edu

1. The Major

Major Profile
In the admission decision for this and every major, a wide range of factors are taken into consideration. The profile should not be used to overstate the importance of grades in the admission decision for academic majors but it may offer some guidance as you plan for transfer.

Department Admission Information
Admission to this major is competitive. Completion of prerequisites does not guarantee admission.

Admission to the nursing major occurs once a year, for autumn quarter, with an application deadline of January 15. For additional information on admission criteria, specific prerequisites, and deadlines, as well as application forms, contact the Office of Academic Services, School of Nursing, (206) 543-8736 or 1-800-759-NURS or email sonas@uw.edu. Information sessions are offered periodically in the SON, Health Sciences Building T310, and an Information Sessions podcast is available. For a schedule of sessions or to listen to the podcast, visit www.son.washington.edu/admissions/info/default.asp.

Visit the general catalog for more information on this major: http://www.washington.edu/students/gencat/academic/school_nursing.html

Courses Required for Admission to Major

Directions: Record the courses you have taken, are taking, or plan to take prior to UW enrollment that you believe are equivalent to the UW course requirements listed below.

University of Washington (Seattle) | Office of Admissions | April 2015
Requirements are subject to change Planning worksheets are updated annually.
Natural World – 26 to 33 cr
BIOL 118 NW - Survey of Physiology
BIOL 119 NW - Elem Physiology Lab
B STR 301 NW - General Anatomy
CHEM 120 NW QSR - Chem I
CHEM 220 NW QSR - Chem II
CHEM 221 NW QSR - Chem III
MICROM 301 NW - General Microbiology
MICROM 302 NW - Microbiology Lab
NUTR 300 NW - Nutrition for Today

Electives to complete 90 credits

Additional Information:
1. One QSR course from this list: MATH 107, MATH 111, MATH 112, MATH 120, MATH 124, MATH 134, MATH 144, PHIL 115, PHIL 120, PHIL 470, or Q SCI 291.
2. One statistics course, such as STAT 220, STAT 311, Q SCI 381, QMETH 201, or EDPSY 490.
3. Three quarter chemistry series - CHEM 120, CHEM 220, CHEM 221 - for UW students; two-quarter sequence - one general chemistry and one organic - for non-UW applicants.
4. MICROM 302 for UW students. Non-UW applicants must take a separate microbiology lab if lab not included in general microbiology course.

- Admission requires a minimum cumulative GPA of 2.0 as well as a minimum grade of 2.0 for each individual prerequisite. Admission is competitive and the cumulative GPA is usually significantly higher than 2.0. In addition, applicants must satisfy one of the following at the time of application:
  a. Three out of the total prerequisite science courses completed with a minimum cumulative GPA in these three courses of 3.00
  b. Four out of the total prerequisite science courses with a minimum GPA in these four courses of 2.80
- Together with the application and college transcript(s), applicants submit a personal statement; a resume outlining volunteer/paid health-care experience, community service, and cultural awareness; and a recommendation from a health care provider (employer or volunteer coordinator).
- Applicants are expected to have 100 hours of health care experience in a paid or volunteer position in one setting for at least a three month period or more, averaging about 8 to 10 hour per week, completed within 12 months preceding submission of the application. The majority of applicants present health care experiences of several hundred hours for nine months or more.
- After an initial review of all applications, some applicants are asked to attend a proctored essay session. The proctored essay dates are published in the admissions publication. Eligible applicants are invited via email.

TIP: To find courses at your community college equivalent to the prerequisites listed, use the Equivalency Guide for Washington Community & Technical Colleges, admit.washington.edu/BeforeYouApply/Transfer/Plan/EquivalencyGuide. In order to compare course titles and descriptions from your current school to those offered at the UW, visit www.washington.edu/students/crscat.
2. General Education & Basic Skills Requirements for the School of Nursing

This major is in the School of Nursing, and these are requirements for graduation from that college. You'll find that many of them overlap with prerequisites for the major and requirements for an associate degree. However, completion of the associate degree does not in itself guarantee completion of UW general education or basic skills requirements so it is in your best interest to work these into your schedule before you transfer. More info: http://www.washington.edu/uaa/advising/degreeplanning/gereqs.php

Directions: Record the courses you have taken, are taking, or plan to take prior to UW enrollment that you believe are equivalent to the UW course requirements listed below.

Areas of Knowledge AoK - To graduate, students complete credits among the three areas listed below. For most programs it is not necessary or even recommended to complete the entire AoK before transferring however, AoK must be completed before beginning the nursing program. Students entering the University of Washington must also meet a Diversity requirement. These credits simultaneously satisfy other Area of Knowledge requirements and do not add to the total number of credits you need to graduate. For more information, go to: http://www.washington.edu/uaa/advising/general-education-requirements/diversity/

Natural World NW
(Natural Sciences), 26 credits

Individuals & Societies I&S (Social Sciences), 15 credits, including 201 Lifespan Growth and Development

Visual, Literary & Performing Arts VLPA
(Humanities), 15 credits
