What is a Husky?

Creative Questions the Answers
Curious Doer Collaborative
Brave Kind Creates a Better World
Open-Minded Boundless
Dreamer Global
Problem-Solver
At the University of Washington, we believe we can tackle big issues together, with curiosity, compassion and optimism. As a public university, our mission goes far beyond our campus — and you can help take us in new directions. Come here to explore, create, discover and be part of something bigger.

Because above all, we believe that what you care about can change the world.
Despite its rainy image, Seattle’s summer days are often sunny and dry.

Some cities with more rain than Seattle: HOUSTON | MIAMI | NEW YORK | SEOUL | SHANGHAI | VANCOUVER

The University of Washington’s campus in Seattle occupies the traditional land of the Coast Salish peoples — land that touches the shared waters of all tribes and bands within the Suquamish, Tulalip and Muckleshoot Nations.

Seattle is an exciting place to live and learn — and easy to explore by public transit.

There’s always something new to discover in the city’s diverse neighborhoods, whether you’re looking for your favorite coffee spot, biking along the waterfront trails or seeing a live show at the KEXP Studio.

The UW’s lush, parklike campus is about 4 miles (6 km) from the Seattle city center. The University is served by two light-rail train stations and many bus routes. Ride the train downtown in just minutes or stay on board for Seattle-Tacoma International Airport.
ARTS & CULTURE
Seattle is a city that loves the arts. Find visual art wherever you look — in our world-class museums, at light-rail stations, throughout neighborhood parks and occasionally underneath bridges, like the iconic Fremont Troll sculpture. Catch live music at the Neptune Theatre (three blocks from campus), the Crocodile or the Showbox. See a hilarious evening of improv at Theatresports or enjoy a Broadway musical at the Paramount Theatre.

SPORTS
Our home pro sports teams include the Mariners (baseball), Kraken (ice hockey), Sounders (men’s soccer), OL Reign (women’s soccer), Seahawks (football) and Storm (women’s basketball).

FOOD
Sample flavors from around the world, enjoy local freshness from the Pacific Northwest or get a taste of home, no matter where that might be. Many of the city’s best eats (and countless bubble tea shops) are just a few blocks from campus in the University District and nearby University Village.

The UW’s location offers the best of both worlds: It’s five miles north of downtown Seattle and equally close to mountains, lakes, islands and Puget Sound.”

Olivia, ’25
Ottawa, Ontario, Canada
Public Health
On-campus living brings a convenient, supportive community to your doorstep. We have rooms and spaces for every price point and lifestyle.

Connect with likeminded students in a residence hall Living Learning Community that matches your major or career interests. Grab a bite to eat between classes in the dining commons, on-campus grocery stores or numerous cafes. The Husky Union Building (HUB) is also home to a bowling alley, gaming lounge, pool hall and student-run bike shop.

Learn more: hfs.uw.edu
Or join the 4,700 UW students in a fraternity or sorority: uwgreeks.com

CAMPUS SAFETY
The UW Police Department, a full-service law enforcement agency, serves campus around the clock. Husky NightWalk offers uniformed security guards to escort you within campus and the nearby residential area at night.
Nonpolice options include SafeCampus — a support hotline to help the UW community respond to and prevent violence — and NightRide, a free nighttime shuttle service.
uw.edu/safecampus

HUSKY HEALTH AND WELL-BEING
As a student, you have access to:

- Convenient medical and dental care right on campus
- 24/7 confidential mental health support and crisis intervention
- Counseling options available to all — even if you don’t have insurance
- Gender-affirming health care at Hall Health
- Wellness events, classes and other resources for students throughout the year

Learn more: wellbeing.uw.edu

Living in the residence halls helped me acclimate to campus culture and academics. Once I felt ready, I moved off campus, which taught me about financial independence and security.”

Jordan, ‘23
Port Orchard, WA
Mathematics

60% of campus waste is recycled, composted or resold

GREEN LIVING
Sustainability is in our nature! You’ll find LEED-certified green buildings, compostable containers, plates and utensils wherever you eat; solar panels atop several residence halls; and even a working farm that supplies seasonal produce to dining locations across campus.
green.uw.edu

Unite UW connected me to a lot of transfer and international students, broadening my perspective of the world. It helped to get out of my bubble and meet others not from Seattle.”

James, ‘26
Seattle, WA
Informatics
At the University of Washington, we value and honor diverse experiences — and strive to create a home away from home for students of all backgrounds. Across campus, you’ll find welcoming spaces like the Women’s Center, Q Center, wǝɫǝbʔaltxʷ – Intellectual House and the Samuel E. Kelly Ethnic Cultural Center, the largest and oldest college cultural center in the country. The Office of Minority Affairs & Diversity, rooted in student-led activism, works to foster diversity on campus and support students from communities that have often been excluded from higher education.

uw.edu/omad

The UW was the first university where I felt represented and supported as a first-generation, Latinx, queer student!”

Francisco, ’24
White Swan, WA
Entrepreneurship and Marketing

wǝɫǝbʔaltxʷ – Intellectual House is a longhouse-style gathering space for American Indian and Alaska Native students, faculty and staff and the whole UW community.

INTRAMURAL SPORTS

More than 30 intramural sports leagues, tournaments and events — from bowling to badminton, triathlon to tennis, dodgeball to volleyball. With Open, Co-Recreational, Women’s and Men’s divisions and a range of levels from newbie to expert, everyone can find a way to get their game on.

gohuskies.com/sports/student-athlete-academic-services

IMA BUILDING

The Intramural Activities (IMA) Building is your ultimate playground. Inside, you’ll find an indoor track; a squash court; Crag Climbing Center; weight, strength-training, cardio and archery rooms; a cycling studio; two pools and more. The fun continues outdoors: Canoe and kayak at the Waterfront Activities Center (WAC) on Union Bay, play softball at Denny Field, practice your swing at the 42-tee golf range or rent outdoor gear at the Gear Garage. Plus, a Rec Class Pass gets you into dozens of classes, including flow yoga, Barre and mindfulness.

uw.edu/ima

RECREATION CLUBS

Rec clubs are organized, managed and operated by students, for students. Let loose and learn something new: maybe aikido or archery, futsal or water polo. Immerse yourself in sailing and cycling. Or start your own club — Hantis, anyone? uw.edu/ima/rec-clubs

Fifteen appearances at the historic Rose Bowl. A tradition of Pac-12 championships — most recently in men’s track and field — and top national programs in softball and rowing. From Husky Stadium to the Montlake Cut, Dawg fans always have plenty to cheer about.

Throughout UW history, students have taken the initiative to create a better Husky Experience for future generations. In 1968, the UW’s Black Student Union led a sit-in at the University president’s office for increased diversity and racial equity on campus. This bold direct action led to creating the Office of Minority Affairs & Diversity, the Samuel E. Kelly Ethnic Cultural Center and the American Ethnic Studies program, which all continue to enrich the UW today.

More recent student-driven efforts have led to:

- Safe, supportive campus spaces like the Q Center and wǝɫǝbʔaltxʷ – Intellectual House
- More gender-neutral bathrooms on campus and the use of chosen names on diplomas
- University funding to support the needs of Black students, faculty and staff
- The UW divesting from fossil fuel companies by 2027
- Increasing the diversity course credit requirement for all students

WHAT'S YOUR MAJOR?

Consider your interests:
Which classes do you enjoy most?

Assess your abilities:
What are your strengths?

Explore your options:
With over 180 majors at the UW, many paths can lead from a single interest.

The program that’s right for you might be one you haven’t considered (or even heard of) yet.

WANT TO IMPROVE PEOPLE’S QUALITY OF LIFE?
- Community, environment & planning
- Food systems, nutrition & health
- Atmospheric chemistry & air quality
- Social welfare
- Disability studies

WANT TO MAKE THE WORLD MORE EQUITABLE?
- Education, communities & organizations
- Law, societies & justice
- Anthropology

PASSIONATE ABOUT WILDLIFE?
- Wildlife conservation
- Aquatic & fishery sciences
- Marine biology
- Wildlife conservation

ENJOY BUILDING THINGS?
- Industrial design
- Materials science & engineering
- Construction management

FULL OF CREATIVE IDEAS?
- Interdisciplinary visual art
- Comparative history of ideas
- Informatics: Human-computer interaction
- Human centered design & engineering

LOVE DEBATING BIG IDEAS?
- History of race, power & gender
- Law, societies & justice

FASCINATED BY HOW WE INTERACT WITH TECHNOLOGY?
- Informatics: Human-computer interaction
- Human centered design & engineering
- Social welfare

What sparks your curiosity?
MAJORS

Maybe you know exactly what you want to study—or maybe you have no idea, or you’re somewhere in between. Regardless, we’ve got you covered with resources to help you find a major that’s right for you.

A major is an extended study of one academic area—usually within one department—that makes up one-third of your degree program. A minor is optional—it’s an additional topic of study with fewer requirements. It is possible to work toward two majors (double major) and up to three minors.

Many students change their major more than once before they graduate. That’s normal! Your college years are the perfect time to explore your interests and discover new ones. The program that’s right for you might be one you haven’t considered (or even heard of) yet.

The first comparative history of ideas (CHID) class I took was “Yoga: Past and Present,” which was fascinating. Two years later, I went on a CHID study abroad program that changed my life, so I decided to minor in CHID.”

TJ, ’24

If you’re interested in computer science, computer engineering or a major in the College of Engineering, be sure to list it as your first-choice major on the application for admission. For more info about all UW majors: admit.uw.edu/academics/majors
Innovative, passionate, approachable. Our highly respected instructors bring their research and lived experiences into the classroom, inspiring you to think in new ways about a subject and the world. They engage you in understanding and addressing the most pressing challenges of our time, like climate change, systemic racism and misinformation. They’re caring mentors who want to get to know you as a person and help open doors to other opportunities.

91% of Classes Had 100 or Fewer Students (2022–23)

92% of First-Year Students Come Back for a Second Year (Compared to the 75% National Average)

José M. Guzmán
Assistant Teaching Professor, Aquatic and Fishery Sciences, College of the Environment

Some courses taught: Marine Biology 250, Aquatic Ecophysiology 270, Marine Evolutionary Biology 370

From an Introduction to Marine Biology 250 student: “Every week we had a series of videos José had made to expand on the reading. I was able to go back as often as I needed to firm up my understanding of the topic.”

Regina Yung Lee
Associate Teaching Professor, Gender, Women & Sexuality Studies, College of Arts & Sciences

Some courses taught: Gender, Women & Sexuality Studies 200, Critical Feminist Data Studies 202, Gender and Fandom 272

Lee’s teaching philosophy is one of mutual learning — and students flock to her classes on feminism and fan studies. One student majoring in gender, women and sexuality studies says, “Lee is an inspiring lecturer, a patient instructor and a dedicated guide” who “urges students to not only do well in academics, but also be the best person they can be.”

Xiaosong Li
Professor, Chemistry, College of Arts & Sciences

Some courses taught: General Chemistry 142 & 143, Computational Chemistry 465, Quantum Chemistry and Spectroscopy 455

Li is an enthusiastic, dedicated instructor who receives rave reviews from students in his introductory classes for his interactive lectures illustrating difficult concepts. One General Chemistry 142 student writes: “He is always encouraging of questions and excited to help the students in any way he can.”

Ellie Theobald
Assistant Teaching Professor, Biology, College of Arts & Sciences

Some courses taught: Introductory Biology 180, Intro to Biosciences 113

From her undergraduate teaching assistants for Biosciences 113: “She has provided us a wealth of mentorship on how best to teach students. Dr. Theobald emphasizes how to be role models for other students and encourage them to envision a future in science.”

Sydney, ’25
Seattle, WA
Political Science and Law, Societies & Justice

My favorite class, Living with Volcanoes, was taught by Prof. George Bergantz, who is so passionate about his subject that you become passionate. I consistently looked forward to lectures.”
UNIVERSITY HONORS PROGRAM

In the Honors Program, a diverse group of students engage with a rigorous interdisciplinary curriculum featuring seminar classes, experiential learning and reflection, focused on innovative thinking and conscious global citizenship.

UNIVERSITY PRODUCING THE MOST FEMALE SOFTWARE ENGINEERS
Steppingblocks, 2022

A WORLD-CLASS EDUCATION

Academic excellence is at the heart of the Husky Experience. We offer 6,500+ undergraduate courses a year, from seminars with a handful of students to larger introductory lectures. Some might have extra components, like a discussion section where you dive into the week’s lecture topic or a lab where you conduct experiments.

We work to make sure all Huskies are included, challenged and supported in their educational journey. Some of the resources available:

• An assigned academic adviser who helps you choose the best courses and map out your class schedule, and a departmental adviser in your major
• Center for Learning & Undergraduate Enrichment (CLUE): Tutoring, homework support, exam review sessions and more
• Subject-specific study centers: receive tutoring or do homework with other students
• Odegaard Writing & Research Center: one-on-one help with writing assignments and skills
• Instructional Center: Mentoring, tutoring and academic support for underrepresented minority, first-generation college and economically disadvantaged students

More resources: academicsupport.uw.edu

DON’T JUST TAKE OUR WORD FOR IT

All six of the UW’s health sciences schools — Dentistry, Medicine, Nursing, Pharmacy, Public Health and Social Work — are ranked in the nation’s top 10.

Drama 171: The Broadway Musical: It’s super cool to take a class with the former director of The 5th Avenue Theatre. I loved learning the history behind something I’m passionate about. I took this class because of general-education requirements!”

YOU DON’T STOP LEARNING WHEN YOU LEAVE THE CLASSROOM
— TIME OUTSIDE OF CLASS CAN BE JUST AS TRANSFORMATIVE. IMMERSIVE LEARNING EXPERIENCES HELP YOU TURN IDEAS INTO ACTION.

LEARNING THROUGH COMMUNITY
Our students help carry out the UW’s mission as a public university. Learn and make a difference by volunteering with a community organization as part of a course or internship: Tutor K–12 students, get your hands dirty at the urban UW Farm, educate young voters in the community, help refugees and displaced people achieve financial stability, and many more opportunities.
cele.uw.edu

STUDY ABROAD
Get outside your comfort zone, learn more about the world and yourself, and earn credits while living in another country. Studying abroad is an option for all UW students, no matter your major or foreign language skills. We work to make it practical and affordable for every Husky.
wu.edu/studyabroad

UNDERGRADUATE RESEARCH
Research isn’t just for STEM fields! It’s a creative, methodical way to ask questions and uncover new knowledge. If you’re curious about a topic and can find a mentor to guide you, you can do research as a UW undergraduate. In 2021–22, 6,791 undergrads participated in research, with a combined total of 1,283,524 research hours!

Recent UW undergrad research topics:
• Health care access in Ethiopia
• The Supreme Court of the Philippines
• New therapies for late-stage prostate cancer
• Impact of gender stereotypes on dance culture
• The diffuse clouds of gas surrounding a galaxy

uw.edu/undergradresearch

As an oceanography major, Alyssa Scott, ’17, conducted research at the UW’s Friday Harbor Laboratories, a unique marine field station in the San Juan Islands. She went on to intern with and become coordinator of the San Juan County Marine Mammal Stranding Network.
Jump-Start Your Career Here

Let’s get you where you want to go. Gain hands-on experience and find mentors to help guide you, through internships and Optional Practical Training (OPT). Husky graduates are sought after by a wide range of employers — large and small; private-sector, public and nonprofit; here in the Pacific Northwest and around the world.

HOW TO APPLY

WHAT WE CONSIDER
The most competitive freshman applicants will present a strong academic curriculum in a variety of subject areas, achievements at school and in the community, and (for international applicants) a high level of English proficiency. Our holistic review takes into consideration:

• Level of academic achievement
• Completed College Academic Distribution Requirements (CADRs)
• Strength of senior-year schedule
• Individual grades and grade trends
• Community service and leadership
• Cultural awareness and unique perspectives or experiences

Tips:
• We want to know you as a person. Use the writing sections to share things that the numbers might not reveal.
• You’re required to indicate a first-choice major on the application. If you have a second choice, list that too.

THE APPLICATIONS
Apply to the UW using one of two applications: ApplyWeb or the Common App. Please choose just one application platform; either one is fine to use.

What to submit

• Self-reported classes and grades
• Writing section
• Completed application and application fee (fee waivers available for U.S. applicants)
• International applicants only: English proficiency test scores (TOEFL, IELTS or Duolingo)

Transcripts
The application will ask you to self-report your high school academic record. Please do not upload an unofficial copy of your high school transcript unless requested.

SAT/ACT scores
The UW does not require SAT/ACT scores. You may send them if you choose.

International Applicants Only

ENGLISH PROFICIENCY
International students must submit an English proficiency test score that meets the UW’s requirement.

<table>
<thead>
<tr>
<th>Test</th>
<th>Minimum Score Required</th>
<th>Recommended Score</th>
</tr>
</thead>
<tbody>
<tr>
<td>TOEFL (iBT)</td>
<td>76</td>
<td>92 or higher</td>
</tr>
<tr>
<td>IELTS</td>
<td>6.0</td>
<td>7.0</td>
</tr>
<tr>
<td>DET</td>
<td>110</td>
<td>125 or higher</td>
</tr>
</tbody>
</table>

English proficiency is considered as part of the application review process. The exam must be taken on or before Dec. 31, and scores must be sent directly from the testing agency to the UW.

Using SAT or ACT Scores as an English Proficiency Alternative
The SAT or ACT are not required for admission to the UW, but international applicants may use one of these exams to satisfy English proficiency. The UW considers English proficiency met if you meet both of the following conditions:

• A minimum grade of B in all high-school-level English writing or literature courses where English is the school’s primary language of instruction for grades 10–12
• A minimum SAT Evidence-Based Reading and Writing score of 580 or ACT English score of 22

To use the SAT or ACT to meet English proficiency, you must request official scores be sent to the UW (school code 4854).

College Academic Distribution Requirements (CADRs)
All applicants must complete these minimum course requirements — but the best prepared will go beyond them.

FINANCIAL AID

For U.S. citizen and permanent resident students to be considered for all forms of UW financial aid, they must file the Free Application for Federal Student Aid (FAFSA). Undocumented students living in Washington can submit the Washington Application for State Financial Aid (WASFA).

To be considered for financial aid your first year at the UW, file the FAFSA or WASFA during your senior year of high school by the UW priority deadline.

For more information, including the latest UW priority deadlines, visit:
• uw.edu/financialaid
• fafsa.gov
• wsac.wa.gov/wasfa

HUSKY PROMISE

The Husky Promise is our guarantee that financial challenges will not stand in the way of Washington state students’ ability to earn a UW degree. It ensures that full tuition and standard fees will be covered by grant or scholarship support for eligible students.

SCHOLARSHIPS

The UW offers scholarships for everything from academic pursuits and research activities to community service and musical talents. U.S. students are considered for some scholarship programs automatically as part of their admission or financial aid applications, while other programs are available to all students through departments once enrolled. For example, eligible students are automatically considered for these scholarships when they apply to the UW:

• The Presidential Scholarship: recognizing Washington state students who demonstrate exceptional leadership, community engagement and promise. The $10,000-per-year award is renewable for up to four years.
• Purple & Gold Scholarships: awarded to U.S. students from outside Washington state who enroll at the Seattle campus. Amounts vary and are given for four years.

We believe that Washington students from all economic backgrounds should have the opportunity to attend the University of Washington. UW graduates complete college with less debt than the national average.
