At the University of Washington, we aim to be the greatest public university in the world — as measured by our impact.

We welcome all types of students — with their unique backgrounds, talents, goals and interests — to share in this journey. Join us to unleash potential, create beauty and spark action. Because what you care about can change the world.

Getting started
Make sure you’re applying as the right type of applicant for your situation — whether that’s transfer, postbac, freshman or Running Start. Learn more at admit.uw.edu/apply/whats-my-application-type

Look for these icons throughout this guide to find the information that’s right for you.
Do you want to be an artist, adventurer, entrepreneur — or all of the above? Seattle is a vibrant, multicultural city with career, arts, sports and outdoor opportunities for everyone. We’re home to caffeinated and connected self-starters whose ideas are changing the world.

Nestled among two mountain ranges, old-growth forests, Lake Washington and the Pacific Ocean, Seattle is an urban hub surrounded by unparalleled natural beauty.

Cheer on the Dawgs!
A nationally ranked women's rowing team with a celebrated legacy. Fifteen appearances at the historic Rose Bowl. A tradition of Pac-12 championships — most recently in softball and men's basketball.

From Husky Stadium to the Montlake Cut, Dawg fans always have plenty to cheer about.

See for yourself
The UW is a beautiful and vibrant oasis in an urban setting. Take a virtual tour and get a feel for what it's like to be a Husky.

As a university that is striving to realize its stated commitment to diversity, equity and inclusion, we know that all students, no matter their backgrounds, contribute to a vibrant and excellent campus community.

RICKEY HALL
Vice President for Minority Affairs & Diversity and University Diversity Officer

From President Ana Mari Cauce’s Race & Equity Initiative to the welcoming environment of the Q Center and the many resources of the Samuel E. Kelly Ethnic Cultural Center, the UW is devoted to advancing a culture of diversity, equity, inclusion and belonging.

The Office of Minority Affairs & Diversity, with its roots in social justice and student-led action, works to increase diversity on campus and enrich the collegiate experience for the whole UW community.

Whether we’re making The Wave famous or making waves in health care, technology, social justice or athletics, the UW has sent out ripples of impact since 1861.
Where will you work?

Our graduates start their careers all over the world, but many begin at well-known institutions right here in the Pacific Northwest.

34,000
jobs posted in the Career Center annually.

68%
of students graduate with internship experience.

81%
of students are employed or in graduate school within 6 months of graduation.

You don’t stop learning when you leave the classroom — time outside of class can be just as transformative. Immersive learning experiences help you turn ideas into action. Through personalized career coaching, we’ll support you in defining and achieving your goals — and connect you with mentors and internships to guide you on your way.

Center for Experiential Learning & Diversity (EXPD)

EXPD is home to nine programs that help UW undergraduates enrich their education and engage in their community through research, service learning, volunteering, leadership and scholarship opportunities.

CHOOSING A MAJOR

Consider your interests: Which classes do you enjoy most?
Assess your abilities: What are your strengths and challenges?
Explore your options: With over 180 majors at the UW, many paths can lead from a single interest. The program that's right for you might be one you haven't considered (or even heard of) yet.

ARTS, HUMANITIES AND DESIGN
Intrigued by human society and culture? Do you want to create, design or perform? Are you driven to learn all about a particular language or part of the world? The arts, humanities or design might be for you.

BUSINESS
Business professionals fuel the world's economies and industries — from entrepreneurs and visionaries to managers, accountants and salespeople. If you see possibilities where others see obstacles, you might find fulfillment in business.

COMPUTING-RELATED
Fascinated by how a computer works? Or want to use data, information and technology to solve problems in your chosen field? You can use computers in any major at the UW, but some have a stronger emphasis on computing.

ENGINEERING
Engineers build bridges and work on problems from the microscopic (genetic engineering) to the global (maintaining a sustainable planet). Today's engineers take on large-scale problems with cross-cultural impact. Do you want to build the future?

HEALTH
Health-sciences professionals improve lives by alleviating human suffering — one person at a time or for whole populations. They listen, investigate and help us understand ourselves and our bodies. Do you want to help people live healthier, happier lives?

NATURAL AND ENVIRONMENTAL SCIENCES
Explore life cycles and systems, bodies and biospheres, ecology and evolution. Investigate a single neuron or the ocean floor. Are you interested in exploring life and the world that sustains it?

SOCIAL SCIENCES
Social scientists are all about people — what we have in common, how we're different, what makes us human. They study our diverse rituals, customs and laws; how we communicate; and the way we live now and did in the past. They're people studying people.

Admission to majors
Admission to majors for transfer students depends largely on the program to which you are applying. Some UW programs require that you enroll at the UW before applying to the major, while others require a separate application in addition to the UW application. Visit MyMajor to find specific requirements for each major:

admit.uw.edu/apply/transfer/resources/my-major

Students who are admissible directly to their department or major will have priority for admission to the UW. There are three main types of departmental admissions:

OPEN MAJORS
These majors are open to you at the time of admission to the UW or anytime thereafter.

MAJORS WITH MINIMUM REQUIREMENTS
These majors have set admission requirements, such as completing introductory courses with a cumulative GPA of 2.50. They generally admit all applicants who meet the minimum requirements, without any further screening or selection.

CAPACITY-CONSTRAINED MAJORS
These majors have admission requirements and a selective screening process; they often include an application deadline and may require portfolios, auditions, letters of recommendation or interviews. Completing the minimum admission requirements does not guarantee admission to capacity-constrained majors.

Departmental vs. university deadlines
Applicants to capacity-constrained majors should file a UW application and may need to file a separate application with the department. Regardless of the department's deadlines, you must complete your UW application by the deadlines specified on pages 20–21.

Some UW majors are in greater demand than others, and capacity may be limited; we can't guarantee that you'll be admitted to the major of your choice.

Tip: Applying to majors
Sometimes a first-choice major doesn't work out. You may apply to more than one major, so we encourage you to explore and develop a plan for a second-choice major.

Use your personal statement to explain what you'll do if you're not admitted to your first-choice major. This information will help Admissions staff understand your plans.

Transferring takes careful planning: You'll be working simultaneously on requirements for admission to the UW, for your intended major, for graduation from the UW and possibly for an associate degree. The more you work on multiple requirements at the same time, the smoother and more successful your transfer to the UW will be.

[admit.uw.edu/apply/transfer/resources]

**Academic planning worksheets**  
APWs — online worksheets for each major — help you stay on track toward your degree. Use them in conjunction with advisers and other resources.

[admit.uw.edu/apply/transfer/resources/apw]

**UW department websites**  
Especially for capacity-constrained majors, department websites can answer questions about admission to the major, the departmental application process and transfer course requirements for that program.

**Transfer credit evaluation**  
The Office of Admissions completes a course-by-course evaluation of transfer credit after a newly admitted student pays the New Student Enrollment & Orientation Fee (NSEOF).

We do not complete transfer credit evaluations for students who have not applied, have not received an offer of admission or have not paid the NSEOF.

**Additional resources**  
Transfer credit policies: [admit.uw.edu/apply/transfer/policies]

Exams for credit, including Advanced Placement (AP) and International Baccalaureate (IB): [admit.uw.edu/apply/transfer/exams-for-credit]

**FOR COMMUNITY COLLEGE STUDENTS IN WASHINGTON**

**Equivalency Guide**  
How will the classes you've taken transfer to the UW? The Equivalency Guide contains course equivalencies for all community and technical colleges in Washington.

[admit.uw.edu/apply/transfer/equivalency-guide]

**MyPlan**  
See the Equivalency Guide in action: MyPlan helps you determine how courses you've taken or plan to take at Washington community or technical colleges translate to progress toward a UW degree. Print your plan and share it with our advisers to make sure you're on the right track for academic success.

[myplan.uw.edu]

**FOR ALL OTHER TRANSFER STUDENTS**  
Use the descriptions in the UW Course Catalog to compare UW courses to the ones at your transfer institution.

[uw.edu/students/crscat]

Keep syllabi and other course materials to facilitate the evaluation of transfer credit.

Minimum admission requirements

Applications should meet the minimum qualifications to ensure a comprehensive review.

**College Academic Distribution Requirements (CADRs)**

Admission to the UW requires completion of coursework in the subjects listed below — whether in high school, college or a combination of the two. The UW does not waive CADRs for students who complete an associate degree or who have earned 90 credits.

**CADR subject credits required**

- English: 4
- Mathematics: 3
- Social studies/social sciences: 3
- World languages: 2
- Science: 3
  - (2 in lab science)
- Fine, visual or performing arts: 0.5
- Academic electives: 0.5

Learn more about how to satisfy each CADR: admit.uw.edu/apply/transfer/cadr

**Transfer GPA**

A transfer GPA of 2.50 or higher is required to receive a comprehensive review.

**TIP:**

See the average GPA for admitted transfer students on page 16.

[admit.uw.edu/apply/transfer/transfer-gpa]

**Test scores**

SAT or ACT scores are not required, regardless of the number of transferable college credits you have earned.
International students must submit an official test score that meets the UW's minimum English proficiency requirement. Strong applicants will demonstrate a higher level of English proficiency and will have earned the recommended score (see table) to be exempt from the UW's Academic English Program (AEP). The exam must be taken on or before February 15, 2022, and scores must be sent directly from the testing agency to the UW.

admit.uw.edu/apply/transfer/how-to-apply/english-proficiency

Note for 2022 international transfer applicants

Due to limited testing availability during the COVID-19 pandemic, the UW will accept a score of at least 105 on Duolingo’s English Test (englishtest.duolingo.com) for autumn 2022 applicants. Official test scores, including subscores, should be sent to the University of Washington. Exams taken on or before February 15, 2022, will be considered.

Using SAT or ACT scores as an English proficiency alternative

The SAT and ACT are not required for admission, but international students may use one of those exams to satisfy English proficiency. The UW considers English proficiency met if you meet both the following conditions:

- A minimum grade of B in all secondary-school-level English writing or literature courses where English is the school’s primary language of instruction for grades 10–12, and
- A minimum ACT English score of 22 or SAT Evidence-Based Reading and Writing score of 580

Does college coursework or an associate degree exempt me from submitting test scores to demonstrate English proficiency?

No, neither of these situations exempts international students from this admission requirement:

- Completing previous ESL or college English courses
- Completing or planning to complete an academic associate degree from a U.S. community college

TOEFL (iBT) | IELTS | DET*
---|---|---
Minimum score required | 76 | 6.0 | 105
Recommended score | 92 or higher | 7.0 | 120

*Duolingo English Test (DET) scores will also be accepted to meet English proficiency for all international applicants who apply to the UW through autumn quarter 2022.

Financial aid

To be considered for all forms of UW financial aid, file the Free Application for Federal Student Aid (FAFSA) or, for undocumented students living in Washington, the Washington Application for State Financial Aid (WASFA).

- The FAFSA and WASFA open October 1.
- The priority date for both is January 15.

For more information, visit:
- fafsa.gov

Scholarships

The UW offers scholarships for everything from academic pursuits and research activities to community service and musical talent. You are considered for some scholarship programs automatically as part of your admission or financial aid applications, while others are available through departments once you’re enrolled.
